

Two Lecture Series

Interplay of Fatigue, Creep, Plasticity, and Microstructures in Advanced Alloys

Date & Time : 18/11/2025, Tuesday, 14:30 - 17:15 hrs

Venue: NDED Seminar Hall

Program Schedule

14:30-15.45	Lecture-1: <i>Unusual creep-fatigue response of titanium alloys</i> Prof. Dipankar Banerjee, Emeritus Professor, Department of Materials Engineering, IISc Bangalore
15:45 -16:00	High Tea
16:00-17:15	Lecture -2 : <i>Austenite Plasticity and Martensite Microstructures</i> Prof. Indradev Samajdar, Senior Professor, Department of Metallurgical Engineering, IIT Bombay

All are invited

IIM Kalpakkam Chapter
